

FOR PROFICIENCY IN MUSIC.

Leipzig,
June 23rd,
1899.

It gives me much pleasure to recommend my pupil, Miss Smith, as an excellent and painstaking teacher of the piano. During the time that Miss Smith studied with me she has made rapid progress and has acquired a musical touch and facile technique.

"As the love of God is immeasurably great,
So no one has, as yet, fathomed the depth of music.
It is the love language of the soul,
It is the medium between this and the other world,
Between the natural and the supernatural."

Let us bear in mind that music is to go with us to
Heaven, and that there we shall see it in all its glory
and beauty.
